PROFESSIONAL SUMMARY

Multi-talented Effects Artist skilled in diverse mediums of art with work experience as a group leader in creative projects. Self-starter, natural problem solver and effective communicator. Enthusiastic and forward thinking with a drive and dream to excel as a creative in the entertainment industry.

PROFESSIONAL SKILLS AND EXPERIENCE

University of Central Florida Short Film "Superstitious":
Jan. 2022 - May 2023

Effects Lead:

- Used Houdini and Maya software to create elaborate 3D effects that encompass most of the film.
- Spearheaded the design of pixie dust, shattering, and exploding VFX.
- Developed an efficient VFX workflow in pre-production.

Modeling Lead:

- Researched and developed a shape language for 3D models.
- Modeled complex hard surface and organic assets in accordance with industry ready topology and poly-counts.
- Worked closely with director on short modeling deadlines of more than 70 assets for a complex environment.
- Provided assistance and quality assurance for other modelers.

Technical Lead:

- Solved software malfunctions and develop creative work-arounds during movie production.
- Adapted to newest updates of software and stay current with industry trends and advancements.

Thrive Yoga LLC, Rockville MD
